

Make a fort out of pillows

Step one: Gather your supplies!

- Sheets
- Pillows
- Blankets
- Couch & Chairs
- Flashlight
- Stuffed Animals
- Entertainment
- Snacks

Step 2: Build the fort

You can do this any way you want. Allow the kids use their imagination to direct you – now is not the time for some civil engineering expertise from parents!

Step 3: Have fun in the fort!

Tell stories, watch some videos, play games, etc.
